

National Geographic Night Vision

by

National Geographic Night Vision

Celebrate the beauty of the world after dark?from starlit skies and glowing city streets to exquisite nocturnal creatures and the wonders that emerge after sunset?with this amazing new book from National Geographic. The world is a different place after dark, and this magnificent photography book illuminates the mesmerizing realm of all things nocturnal. After dark, the light is different, there is an unspoken intimacy, new and different activities occur. And in the natural world, an unseen universe comes alive. Page after page of vivid photos explore the many nuances of night vision?from the sea by moonlight to night markets in Laos to the face of a child lit up by a screen in a darkened room.
